> PROFILE

Committed, detail-oriented student studying Computer Science and Business Management at QUT. Having experience with object-oriented programming, web development, front-facing customer service and sales.

I have received various opportunities during my studies to expand my horizons and gain knowledge about the business and the world. I have a strong passion for utilising technology to solve problems. This passion coupled with my entrepreneurial spirit gives me significant drive to continue to learn, develop skills and make a significant contribution in organisations and teams.
